

THIBAUD EVRARD

COMPUTER SCIENCE STUDENT

Results-driven web developer with a deep passion for creating visually stunning websites. Backed by formal education and hands-on practice, I command a comprehensive skill set for end-to-end site development, covering databases to visual design. My motivation, attention to detail, and openness to new challenges position me as an ideal candidate. Eager to contribute my expertise to dynamic projects and grow within an innovative team.

PERSONAL DATA

Jun.18, 2004

Belgian
