### TECHNICAL SKILLS

### WORK EXPERIENCES

**web developer** April - June 2024

**CERN - Meyrin, Suisse**  
While working within the CERN web team, I developed WordPress plugins by going through all stages of the project: client needs analysis, development, error handling, testing, and CI/CD.

**Web Development School Project** Oct 2022 - Jan 2023

**University of Savoy / IUT Annecy – Annecy-le-Vieux, France**  
Collaborated in a 4-member team to build a Laravel-based website. Tasks involved MERISE and BPMN diagram creation, cryptography, legal compliance, site communication, and POWER BI graphics. Acquired teamwork skills using Scrum methodology.

**Website Designer** Feb 2023

**rpilates.net**  
I designed a website for an individual with WordPress. I took care of the website's infrastructure and deployment, focusing solely on technical aspects and the online setup, without involvement in the content.

**Camp Instructor** Summer 2022 - 2023

**Francas du Jura - France**  
I was responsible, in collaboration with two other camp instructor, for supervising a group of 25 to 30 children aged 7 to 13 during five-day camping trips.
